Introduction

You are invited to participate in The Third International Conference on Electrical, Electronics, Computer Engineering and their Applications (EECEA2016) that will be held in Lebanon, on April 21-23, 2016. The event will be held over three days, with presentations delivered by researchers from the international community, including presentations from keynote speakers and state-of-the-art lectures.

Research topics

The conference welcomes papers on the following (but not limited to) research topics:

**Electronics Engineering**

- Analog Signal Processing
- Artificial Intelligence
- Compound Semiconductor Physics and Devices
- Device Electronics for LC
- Epitaxy and Light- Emitting Diodes
- Giant Area MOCVD
- Integrated Optics
- Micro-Planar Systems and Networks
- Mobile Computing
- Multimedia Services and Technologies
- Optical Electronic Devices & Photonics
- Signal & Image Processing

**Electrical Engineering**

- Software Specification
- Analysis of Power Quality and System Stability
- Analog Circuits and Digital Circuits
- Battery Management System
- Computer Relaying
- Electromagnetic and Photonics
- Integrated Optics
- Microwave and millimeter circuit and Antennas
- Power Electronics
- Remote control and Techniques of GPS
- Robotics and Automation Engineering
- Signal Processing
- Smart Grid
- Techniques of Laser and Applications of Electro-optics

**Important Dates**

- Submission Dates: Open from now until March 21, 2016
- March 31, 2016 or 4 weeks from the date of submission
- Open from now until April 11, 2016
- Open from now until April 11, 2016
- April 21-23, 2016

**Contact:**

Send an e-mail to: eecea16 [at] sdwic [dot] net
